

## Form for Newscast Group Project

Directions: With your finished scripts from last week, form a group of 3-5 people. Bring your stories to your group. As a group, decide what stories your news cast will use and in what order (and why). The newscast should be 5-7 minutes in length once you have made your decisions.

Use this form as a template to create your list on LINED PAPER. You may not print this. Attach the completed news scripts to the form and turn it in to Mrs. Ferris
